Comments to JAR-STD 1 A.025 compliance status,

Name of organization: UAB Pilot TrainingCenter

Audit reference: SSRG 06092012

Findings

For **Level 1** findings, immediate action shall be taken by the competent authority to revoke, limit or suspend in whole or in part, depending upon the extend of **Level 1** finding, the continuing FSTD/STD operators approval, until successful corrective action has been taken by the organization.

For **Level 2** findings, the competent authority shall grant corrective action period appropriate to the nature of the finding that shall not be more than 3 months. In certain circumstances, at the end of this first period, and subject to nature of the finding the competent authority can extend the three month period subject to satisfactory corrective action plan.

For **Level 3** findings, is a minor finding which requires comment from the auditor.

Office: SSG – Scandinavian Simulator Group.
